Recent Partnership

Key Partnerships

Sibros' connected all-in-one platform will complement Pricol's suite of products on Driver Information Systems (DIS) and **Telematics** to offer **end-to-end solutions** to the OEMs. The cloud-based platform of Sibros, combined with the next generation products of Pricol, will enable features such as OTA software and firmware updates, vehicle data insights for analytics, diagnostics and troubleshooting for the OEMs to make the best use of the connected solutions.

Entered into an International licensing agreement with BMS PowerSafe, a part of Startec Group to manufacture and sell **Battery Management System (BMS)** for Indian Market. In this partnership, Pricol will be licensing the product and process technology of BMS from Partner and will be manufacturing complete BMS in-house. This partnership has opened up a new arena for Pricol to add a pure play EV product in our portfolio. The company is recognized as the top 3 pure players of BMS suppliers in Europe.

Pricol in partnership with PSG Institutions has launched a **Center of Excellence (CoE)** to develop high efficiency **micro motors and Robotics and artificial Intelligence** based processes and equipment. With Pricol's strong foot print in product domain and customer connect and PSG Institutions' expertise in first principle fundamentals, the CoE will certainly benefit the community at large to come out with world class new technology products and processes.

Pricol is partnered with CGI studio for **Human Machine Interface (HMI) Solutions** Candera will, help in HMI solutions with shorter lead time, cost effective solutions – all made possible by having a single HMI tool to support Next Generation Display Systems to be built on various Product Platforms which is indigenously developed by Pricol.

Pricol has partnered with Heilongjiang Tianyouwei Electronics (TYW) for **advanced technologies** in **Driver Information System Solutions across various vehicle segments**. This partnership is set to redefine the driving experience by introducing cutting-edge Driver Information System Solutions such as e-cockpit and Heads-up Displays. The collaboration will add value to the Indian automotive landscape by combining Pricol's domain expertise in Driver Information System with TYW's technological prowess.

Pricol Limited has entered into a **Technology License Agreement** with Italy-based DOMINO S.R.L., a global leader in motorcycle control systems. This partnership aims to **expand advanced two-wheeler handlebar control technologies such as throttles, switches, and allied products** across India and Southeast Asia, marking a pivotal step in Pricol's innovation-driven growth strategy.
